

A pre-holiday tan? A special occasion? Or you just want to look fantastic!

At Allentan Sunbed Company we are completely committed to ensuring our clients health and safety, to guarantee you achieve the maximum results possible. As a member of the sunbed association and with over twenty years experience in the tanning industry we are experts in sensible tanning and are confident that we can tailor a tanning course to suit each individuals needs.

Everyone reacts differently to ultra violet rays and different skin types will tan better under different conditions. To get the best and safest results, we ensure that every client has a consultation including a comprehensive skin analysis before using our equipment for the first time. We will advise you on the correct piece of tanning equipment to suit you and recommend correct exposure times guaranteeing the safest and most effective methods to achieve your tan without stressing your skin.

We have a wide variety of tanning equipment, all in private, air-conditioned rooms, including lie-down sunbeds, stand-up booths and a spray tan booth, so whether you are looking for quick and convenient, calm and relaxing or instant we have something for you. Simply call in or phone to arrange your FREE skin analysis and FREE membership.

Allentan Sunbed Company is a member of the Sunbed Association - Promoters of sensible tanning.

SPRAYTANNING

With its innovative design our spray booth allows us to offer a choice of spray solutions. This gives us a huge advantage as we can provide a range of tans and select the right solution for each individual client according to their skin type and level of tan that they wish to achieve.

Catering for all skin types from fair, medium to dark, with a wide selection of colours and brands available including St. Tropez & Fake Bake. So whether you're looking for a light sunkissed look or a dark tan, by using our products, you will achieve that natural looking finish every time.

Full body, top half and legs available

Prices vary depending on colour

Spray Tanning Preparation Advice

- DO** Exfoliate and moisturise your skin the day before your treatment, NOT on the day.
- DO** Any hair removal the day before your treatment, NOT on the day.
- DO** Wear dark, loose clothing to your appointment. Loose footwear is also advised, try to avoid wearing socks.

Self tan products stocked to promote the life of your spray tan

Patch test required 24 hours prior.

PRODUCTS TO-BUY

We stock a variety of brands with a wide range of tanning accelerators, all of which are designed to encourage the tanning process while hydrating the skin to promote darker, faster and longer lasting results, as well as tan enhancing lotions for use after indoor or outdoor tanning to extend the life of your tan.

Whether you are looking for a lotion that includes a bronzer for an immediate boost of colour, a lotion with hot / tingle action for an 'intense' tanning session, a lotion that bathes your skin in nourishing and conditioning ingredients or any combination, we can recommend the right product for you.

We stock a tanning accelerator to suit everyone, whether you are just starting to build your base tan or an experienced tanner wishing to deepen your existing colour, simply ask a member of staff and we will be more than happy to guide you through the ranges.

We also stock sunbed tubes at competitive prices.
